DESIGN POWER - Francois Laffanour

This year the Paris-based, Algerian-born design dealer celebrated 30 years at his location on the Rue de Seine in the St.-Germain-des-Prés neighborhood. Laffanour's Downtown Gallery specializes in the avant-garde, and through the years he has championed the work of 20th-century architects and designers such as Carlo Mollino, George Nakashima, Charlotte Perriand, and Jean Prouvé, raising them to blue-chip rank.
