## PAD Paris: our top five highlights from the 2016 design fair

DESIGN / 1 APR 2016

Galerie Downtown, François Laffanour

▶ ⏪ ⏩ 4 OF 6

Thanks to his thoughtful staging of the furniture conceived for the city of Chandigarh by Pierre Jeanneret and Le Corbusier, François Laffanour's space - located steps from PAD's entrance - feels both deferential to that chapter of their work and decidedly modern. Among the mix is a concrete light bollard that would have lined outdoor walkways. Here, indoors and revived with a blue filter, its brutalist form gives off an insouciant glow. Pictured: 'Concrete Light', by Le Corbusier, c.1953.
