

Design Miami/ Basel 2023: An overview of the global forum for design

The collectible design fair returned to the iconic Basel Messeplatz during the Swiss city's bustling art week with a scaled-down edition of museum-quality design.

Design Miami/ Basel 2023 held its 17th edition from June 13 through June 18 with booths from 26 galleries in collectible design, scaled down from last year's 34 exhibitors. It has been a year of change for the **Art Basel** group of fairs. The new chief executive Noah Horowitz recently replaced March Spiegel, who oversaw the growth of the fair in the last 15 years. Held alongside **Art Basel Unlimited**, Design Miami/ Basel 2023 edition also showed signs of change in focus, mainly in the traditional French direction, possibly in preparation for the **design fair's** anticipated **Paris** edition, after it was cancelled due to security reasons last year.

Galerie DOWNTOWN Francois Laffanour's booth was chosen as the Best Gallery Presentation, featuring designs by Charlotte Perriand and Jean Pruvé
